**MANDATORY**

As an F-1 student you are required to report the following information to the Center for International Education office (CIE) during your OPT:

1. Address – complete home address where you are currently living **even if it is temporary.** You must update us **EVERY** time you move to a new address.

**PLEASE ALSO PROVIDE**

The regulations governing these reporting requirements are **MANDATORY.** If we do not comply with these reporting requirements, you may be considered out of status as an F-1 student and subject to arrest and deportation.

**YOU MUST KEEP IN REGULAR CONTACT WITH US DURING OPT SO WE CAN UPDATE YOUR SEVIS RECORDS**
Optional Practical Training Agreement

I understand that in order to remain in status with the USCIS during my OPT I **cannot be unemployed for more than 90 days during the 12 months of my OPT**; therefore, if I do not begin employment within the first 90 days of my OPT I will be illegally present in the United States and must return home. I also understand that any time spent outside of the U.S. during my OPT may also be considered unemployed time unless the travel is a part of my employment requirements.

I understand that during my OPT I must inform the CIE office via the SEVP Portal, or OPT Update form, **within 10 days** when any of the following information changes:

1. My complete home address, **where I am currently living**, even if it is temporary.
2. Any and all E-mail addresses where I can be reached.
3. Any and all phone numbers where I can be reached.
4. My employer’s name and complete mailing address.
5. The dates of my employment, as well as, any dates that I was unemployed.

I understand that I also need to inform the CIE office if I am approved for a Change of Status (H1b for example) or if I decide not to use the entire year of my OPT and leave the country or return to school on a new I-20.

I understand that all information can be reported to the CIE office via E-mail at ipsupdates@siu.edu or by calling 618.453.5774.

Optional Practical Training (OPT) is designed to provide you with an opportunity to gain practical experience in your field of study. As an F-1 student you may apply for OPT in the following cases:

OPT can be used in the following situations:

- Full-time, minimum 20 hours per week, during the annual summer vacation. You must be enrolled during the spring prior to and fall after your OPT period.
- Part-time, maximum 20 hours per week, while school is in session. You must be enrolled as a full-time student.
- Full-time, minimum 20 hours per week, at the end of your academic program.
- Special application deadlines apply to graduate students who have completed all their coursework. Once your course work is complete, you may apply for OPT while you are working on your thesis or dissertation.
- After completion of the course of study, or, for a student in a Bachelor’s, Master’s, or Doctoral degree program, after completion of all course requirements for the degree (excluding thesis or equivalent). Continued enrollment, to complete your thesis or dissertation, after all requirements for the degree have been met does not preclude eligibility for OPT.

Requirements:

- You must have been enrolled as a full-time student for one full academic year, currently maintaining a full-time program of study, in valid F-1 status, and intend to work in a job directly related to your major field of study.
- OPT is limited to one twelve month period for each progressive degree level you complete. One year for a Bachelor’s, one for a Master’s, and one for a Ph.D.
- Part-time OPT, 20 hours per week or less, is deducted from the twelve months at a rate of half time.
- The filing period begins at a maximum 90 days before you complete your academic program, or, in the case of a graduate student who has completed all course requirements excluding thesis/dissertation, 90 days before you would like your practical training job to begin. While it is possible to apply for OPT during the 60-day grace period following the end of your program, we advise against applying this late as it can take up to 3 months to obtain the OPT approval card.
- Any employment that is at minimum 20 hours per week, within your field of study, and paid or unpaid, is considered full-time employment while you are on OPT. If you are working in an unpaid position it is advised that you keep a log of your hours and have it initialed by your supervisor in lieu of payroll records. For your assistance, we have an OPT Unpaid/Volunteer Time Recording Sheet that is available upon request. There is debate about unpaid internships and volunteer work being accepted as employment. Please be advised, that unpaid internships and volunteer work may not be accepted as approved employment for OPT in the future.
- You CANNOT WORK until you have the EAD in your possession.
- An F-1 student authorized by the USCIS to engage in OPT is required to report any change of
  - Name
  - Address
  - Change, interruption, or termination of employment.
  - Email address or phone number

These changes must be reported within 10 days via the SEVP Portal. If the portal is not available, you may submit the OPT Update form available at the following link:

IMPORTANT:

- Your receipt, Notice of Action I-797C, will indicate the date that your application was received by USCIS. Standard processing time is less than 90 days. In rare instances where the processing time has exceeded 90 days, please contact our office so that we may investigate further.
- Once you have your application for OPT there (at USCIS) it is very difficult to cancel the request, and in many cases results in issues when re-applying for your OPT later. Always give very careful thought to your decision to apply for OPT so that you will not lose this valuable experience if you change your mind.
- You may take an occasional class during your OPT. However, you cannot be a full time student or hold a student work position or a graduate assistantship. Authorization to engage in OPT employment is automatically terminated when the student transfers to another school or begins study at another educational level.
- Do not travel outside of the U.S. while your OPT application is pending as Immigration states that port of entry officers have been advised to deny entry on your return to the U.S. The only time travel is advised during your OPT period is after you have your EAD card and have begun working for an employer. You should carry proof from your employer that they have authorized your leave and expect you to continue your employment upon your return to the U.S. You will need to get an updated signature on your OPT I-20 before you leave the country, so a month prior to your departure date mail us your I-20 to us with a letter listing your dates of travel, locations of travel, and the address where we should send the I-20 back to you.
- You have a sixty day grace period after your OPT ends. If you plan on staying in the U.S. to begin a new academic program, you will need to obtain a new I-20 before the end of your grace period to remain in status. Any change to a new status also needs to be applied for before the end of your grace period.
- The USCIS shall adjudicate the Form I–765 and issue an EAD on the basis of the recommendation from the DSO unless the student is found otherwise ineligible. The USCIS shall notify the applicant of the decision and, if the application is denied, of the reason or reasons for the denial. The applicant may not appeal the decision.
