Part III. Instructions		
Co-enrollment or concurrent enrollment means that a student is enrolled at two schools at the same time. SIU F-1 international students who wish to enroll at another school must see a Designated School Official (DSO) from our International Student & Scholar Services (ISSS) team at the Center for International Education (CIE) for permission.		
An F-1 student may co-enroll in two SEVP-certified schools if: <ul style="list-style-type: none"> Attendance at the other school is with the prior permission of a DSO. Failure to receive prior permission from CIE may result in the student losing legal immigration status. The combined number of hours enrolled adds up to a full course of study (12 hours for undergraduates, and 9 hours for graduates) in a major semester, and at least one course of the total credit hours must be taken at SIU. The coursework at the other school is not vocational and will be accepted for fulfilling the degree requirements of SIU. 		
A new co-enrollment form is required for every semester an SIU student co-enrolls. A new form is required if approved classes on this form are changed in any way. This form should be completed before registering at the new school. If an SIU student co-enrolls and CIE has no approved co-enrollment form on file for that semester, the student will be considered to be out of legal status with USCIS.		
Note: <ul style="list-style-type: none"> If you are already registered for a full-time course load at SIU, you do not need to inform CIE of your plans. CIE review is needed only if you intend to use the outside class to maintain full-time enrollment as an F-1 student. If you are enrolling in an SIU-approved study abroad program organized through CIE, the concurrent enrollment process does not apply. Concurrent enrollment is not needed for classes taken at other universities during the summer vacation period, as long as you intend to return to SIU to continue your studies in the fall semester after the summer vacation period is over.
